Sir,

Sub: Industries - Government Silk Filature - Establishment - Boiler Foreman - Appointment of.

--

One K. Srinivasa Mudaliar, recommended by the Chief Inspector of Steam Boilers, was appointed as Boiler Foreman on Rs.55-85 in the Government Silk Filature, Kollegal, with effect from 18th June 1943 A.N. On grounds of health he tendered resignation of his appointment and was relieved of his duties on 6-9-1943 F.N. Another candidate, N. Muthuswami, recommended by the Chief Inspector was interviewed and found ~~that~~ lacking in sufficient experience to be able to take independent charge of Lancashire Boilers immediately. In view of the dearth of suitable candidates for the post, N. Muthuswamy was appointed as Boiler Foreman on Rs.55-5/2-70-7½/2-85 with effect from 21st August 1943 and asked to undergo training in working and handling of the stationary boilers in the Industrial Engineering Workshops, Madras, and the Government School of Technology, Madras. N. Muthuswami after training in Madras joined duty at Kollegal on the forenoon of the 15th September 1943. In these circumstances, there were two boiler foremen against one post sanctioned from 21-8-43 to 5-9-43. I request that Government may be pleased to accord sanction to the employment of an additional foreman for this period on the scale referred to.
